Subject: TQB review for Dr Pamela Noyes, candidate for IRIS division

Hello Abdel—The IRIS division is requesting a modified Technical Qualifications Board review of the attached package for Dr Pamela Noyes. We have tentatively selected her from a certificate for the position of Systems Biologist, GS-15. Dr Noyes currently works in OCSPP as a Toxicologist/Biologist, GS-14. She understands that any offer from ORD is contingent on a favorable TQB review.

Dr Noyes sent her materials in a single pdf that contains her CV, selected peer-reviewed publications, and a discussion of major scientific/technical contributions. Attached separately are five letters of reference sent directly to me.

Despite the holidays, I hope you will be able to expedite this review. Because this is important, I'll be available to answer questions whether I'm in the office or on leave. While I'm in the office today and next week, you can reach me at Personal Matters / Ex. 6. While I'm on leave Thursday and Friday, you can reach me at Personal Matters / Ex. 6. If I don't answer, please leave a message, as I'll be driving most of Thursday especially.

I hope you're enjoying your vacation and that this message isn't too intrusive.

Thank you,
Vince
